PAVEMENT ORDINANCES

Electrician to be Employed
to Test the New Street
Lights.

The city council met Friday night with all of the members present and the mayor presiding.

J. H. Anderson & Co. presented an ordinance asking the privilege of raising the grade of the pavement at the southwest corner of their new lot on Main street not exceeding two feet, and they were granted permission by the ordinance to put a step or steps across the pavement to reach the new grade. The permission was asked in order to get the floor of their proposed new business house above the recent high water mark.

On account of the illness of Jas. Cannon, the case against Henderson, Jones and Cannon was postponed until next meeting.

The recent ordinance on East Ninth St. ordering down a curbing and cinder walk was amended on petition of several of the parties affected and the order changed to a concrete pavement. The amendment was given its first passage.

The Kentucky Carbonating Co. and the Kentucky Stave Co., new enterprises, were exempted from city taxes for five years.

I. M. Ward was granted a license to operate a saloon at No. 18, East Seventh street.

Major Meacham was authorized to appoint officers for holding the school election 1st Saturday in May.

The council authorized the employment of an expert electrician to investigate the new street lights and determine whether or not they are up to franchise requirements, and report April 19th.

A general discussion of sewers was entered into. The sewer committee was directed to contract for a two-foot sewer on North Main street and the building of the sewer on Seventh street was postponed until the Engineer can make an estimate on constructing a six-foot sewer down 11th and 10th streets to the river. The engineer was also directed to make an estimate of the cost of carrying part of the water east of the L. & N. railroad over the hill on Ninth street into the Little River. It is planned to spend a large part of the appropriation for street work this year on sewers.

TABERNACLE QUESTION.

Everybody That is Interest-
ed Seems Very Anxious
to Hold It.

POPULAR SUBSCRIPTION

The Matter Will Have
to be Disposed of at
Once.

The people are aroused about the debt hanging over the tabernacle. We have heard considerable expression about the matter since our issue of Saturday and everybody so far as heard from is opposed to the sale of the building.

They say it is a necessity; that we cannot get along without it. Having no house that is large enough for such entertainments as are furnished by Susa, Cutout and other entertainments of national reputation, we cannot afford to lose the tabernacle, and like expressions can be heard on every hand.

But the question remains, how can the money be raised to pay off the debt? Some seem to think there is but one way to do it, and that is to appoint a committee to raise the \$2,500 by popular subscription. From what we have heard this can be done without any trouble. We know the ministers of the city want to hold the building for the purpose for which it was built. The people generally are the same way. Then why not let a committee be appointed to take pledges, the money to be paid at once and wipe out the debt?

The ministers were to take up the matter at their meeting yesterday morning. If they determine to use their influence out of their congregations as well as in them, there seems but little doubt, if any, of the the total debt being wiped out and all annoyance done away with in the future. All that seems needed now is a leader, who will call in such others as he may need in his work. Let the matter be definitely settled before the week is gone. We believe it will.

Sales on the Loose Floor last week, only made up in price what was lost in quantity. I want to correct the impression that is going the rounds by saying that my Loose Floor Sales will continue all the time. I believe the public will be satisfied with all the service I can give for the farm to sell his tobacco for there is competition found there that is found no where else and I say that your tobacco will bring you more money there than anywhere else. My sales will continue all the time throughout the year so you can buy your tobacco here any time that it suits you and you will always get its full value. I sold some tobacco in hogheads on the head of the hogheads and it was the first sale of this kind and has been held for a long time and I have been holding it to see a return on my investment. PRICES—Loose Lags \$4.75 to \$5.50; Common Lags \$5.00 to \$5.50; Medium Lags \$5.50 to \$6.00; Good Lags \$6.00 to \$7.50; Low Leaf \$8.75 to \$9.50; Common Leaf \$8.50 to \$9.50; Medium Leaf \$8.50 to \$9.50; Good Leaf \$10.00 to \$12.00.

See them on exhibit, or phone or write the Planters Hardware Co., incorporated, for prices and full particulars.

REST MADE EASY

There Will Be Less Sleeplessness When Hopkinsville People Learn This.

Can't rest at night with a bad back, a lame, a weak or an aching one. Doan's Kidney Pills are for bad backs.

They cure every form of Kidney ills, from common backache to dia-betes.

They are endorsed by Hopkinsville people.

James A. Twyman, brick mason, 1230 S. Virginia St., Hopkinsville, Ky., says: "Disorders of the kidneys brought in my case so sharp and continued succession of pains and aches through my back that I could not rest comfortably at night and arose in the morning lame and sore. I was tired and worn out from morning to night, the kidney secretions were irregular, high colored, scalding and deposited a heavy sediment if allowed to stand? I had no energy left and felt generally run down. I was feeling worse than usual when my attention was attracted to an advertisement of Doan's Kidney Pills, and I got a box at L. A. Johnson's drug store and began using them. In a few days I noticed that the secretion had assumed a natural appearance and pain and aching had directly been relieved. By the time I had completed the box there was a wonderful change in my condition. I am glad to state that I am practically cured and Doan's Kidney Pills will be my friend for life."

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A DOWN EAST MINE

COPPER DEPOSIT BEING WORKED IN WESTERN MASSACHUSETTS.

THRIVING SMALL MINING COMMUNITY WHICH IS DOING BUSINESS IN HOOSAC HILLS—LOOKS LIKE WESTERN MINING CAMP.

ONE WOULD NOT NATURALLY LOOK FOR A COPPER MINE IN OLD MASSACHUSETTS, BUT MUCH OF THE SURPRISE ONE WOULD FIND WITH THE HOOSAC HILLS IN THE DEERFIELD, FOR THERE WOULD BE FOUND A MINING COMMUNITY WHICH LOOKS FOR ALL LIKE A WESTERN MINING CAMP, BARRING, PERHAPS, THE SAHOOS AND THE GAMBLING PLACES, AND MIGHT BE APPROPRIATELY CALLED THE "LEADVILLE OF NEW ENGLAND."

A WELL DEFINED MINERAL BELT APPEARS IN THE HILLS OF SOUTHERN VERMONT AND CONTINUES, WITH VARYING RICHNESS OF SURFACE SHOWINGS, ACROSS THE STATE OF MASSACHUSETTS TO THE SOUTH, SOME SAY AS FAR AS VIRGINIA. WHEREVER THERE IS A MINERAL BELT, THERE IS ALMOST AS MUCH EVIDENCE OF NO Little WISE UNDERGROUND, BUT THE GREAT PROBLEM IS TO FIND THE BEST POINTS WHERE IT MAY BE EXTRACTED AT A MAXIMUM OF PROFIT—THE SAME OLD PROBLEM THAT DOMINATES THE SEARCH FOR GOLD, SILVER, COPPER AND IRON. WHEREVER THEY EXIST, AND ON THE OCCASIONAL SOLUTION OF WHICH DEPENDS THE DEVELOPMENT OF SATISFACTORY MINING PROPERTIES.

Mining is not new in Charlemont and its vicinity, but a boom like the present one is distinctly new there.

FOR NEARLY A QUARTER OF A CENTURY THE LARGEST MINING COMPANY IN THE STATE HAS BEEN PROFITABLY OPERATED IN THE LITTLE SETTLEMENT OF DAVIS, IN THE TOWN OF ROWE, JUST TO THE NORTHWEST OF CHARLEMONT, BUT BETTER KNOWN IN CONNECTION WITH THE LATTER TOWN BECAUSE CHARLEMONT IS THE POINT OF SHIPMENT FOR ORE TO THE PORTS THROUGHOUT THE STATE OF MASSACHUSETTS.

THE GREAT VENUS OF PYRITES—THE LARGEST KNOWN DEPOSITS IN THE WORLD OUTSIDE OF SPAIN—is a part of the mineral belt which cuts across Massachusetts just east of the main Housatonic range. WHERE THERE IS AN IMMENSE BODY OF PYRITES, THERE IS GEOLOGIC EVIDENCE THAT COPPER, AS WELL, EXISTS, AND IT HAS BEEN FOUND TO BE THE CASE IN THIS INSTANCE; SEVERAL POCKETS HAVING BEEN DISCOVERED IN THE PYRITES DOME OF THE DAVIS COMPANY AND INDIVIDUALS LOCATED AT SEVERAL OTHER POINTS AMONG THE HILLS TO THE SOUTH.

A FEW YEARS AGO H. J. DAVIS, A NEW YORK CHEMIST, WHO OWNED A MINE IN THE PROVINCE OF QUEBEC AND CAME TO THIS MINER IN HIS

SEARCH FOR COPPER, FOUND IT.

A STUDENT AT AMERICA

SAW THESE SPECIMENS AND

SAID THERE WERE EXTENSIVE SURFACE SHOWINGS OF THE

SAME THING IN THE TOWN OF ROWE.

MR. DAVIS LOST NO TIME IN LOCATING THE PLACE AND PURCHASED THE LAND FOR THE

OPENING UP OF THE IMMENSE ORE BODY.

THREE FARMS WERE INCLUDED IN HIS PURCHASE, GIVING HIM ABOUT ONE AND

ONE-HALF MILES ON THE STRIKE OF THE

MINERAL BELT.

Wild tobacco has been discovered
growing luxuriously in the Mont-
ezuma valley in Colorado, and is pro-
nounced a good grade of the product.
The farmers of that section thought
the tobacco a noxious weed, and
have been trying to stamp it out.
Growing of high grade tobaccos will
be attempted, provided the night
riders do not transfer their field
of operations to Colorado.

Druggists Beware.

Stood the Test

Allcock Plasters have successfully
stood the test of sixty years' use by
the public; their virtues have never
been equalled by the unscrupulous
imitators who have sought to trade
upon the reputation of A. Allcock's by
making plasters with holes in them,
and claiming them to be "just as
good as Allcock's."

Allcock's plasters stand to-day in-

grateful patients who have proven
their efficacy as a household remedy.

GIRL BABY'S AWFUL ECZEMA

Sight of Eye Destroyed by Disease—Tried Five Doctors but Grew Worse—in Agony Eight Months—Parents Discouraged, Until They Tried Cuticura Remedies

IN ONE WEEK ALL SORES DISAPPEARED

"Our little girl, one year and a half old, was taken with eczema and that was what the doctor said it was. We called in the family doctor and he gave some tablets, but said the world be all right in a few days. The sores increased and we called in doctor No. 2. He said she was all right, as soon as the teeth were through, and she was all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was so bad, so we tried Cuticura sores. Well, he said he could help her, so we let him try it about a week. The marks were gone and a little yellow pimple on one of her eyes. Of course we phoned for doctor No. 3. He said she was all right over and said that he could not do anything more for her, that we had better take her to a specialist. We knew it was an ulcer. So we went to Oviedo to doctor No. 4, and he said the eyesight was gone and he could not help her. We thought we would do doctor No. 5. Well, that proved the same, only he charged us more than doctor No. 4. We were near despair. We saw one of the Cuticura advertisements in the paper and thought we would try that. We sent in a sample and purchased a set of Cuticura Remedies, which cost me \$1, and in three days our girl was well again. After eight months, showed great improvement, and in one week all sores had disappeared. We did not restore the eyesight, but if we had used Cuticura in time, I am confident that we would have done so. We think there is no remedy so good for sores, trouble or impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott, 1610 N. W. 12th, Fullerton, Orange Co., N. Y., August 17, 1906."

HOW DULL!

Nothing but a Carnival Now in Sight.

Now that Creatore has gone, there is nothing to look forward to. Not even a circus is headed this way, the carnival will not be given until May, we will have no "leisure's ball" this year and the outlook in the way of recreation for spring and summer is gloomy indeed. If we had two or three good parks we could get along pretty well.

Pawnee Bill's Wild West and Great far East will be here on April 27th and relieve the monotony for a while.

Out of Sight.

"Out of sight, out of mind," is an old saying, but it's true. It's a force to a sore, burn or wound that's been treated with Bucken's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by R. C. Hardwick, druggist. 25c.

High Pressure Lives.

Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society more numerous.

The first failure of the praiseworthy effort to keep up with these things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sarsaparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high-pressure days.

ROYAL Baking Powder is indispensable to the preparation of the finest cake, hot-breads, rolls and muffins.

Housekeepers are sometimes importuned to buy other powders because they are "cheap."

Housekeepers should stop and think. If such powders are lower priced, are they inferior? Is it economy to spoil your digestion?

Alum is used in some baking powders and in most of the so-called phosphat powders, because it is cheap, and makes a cheaper powder. But alum is a corrosive which, taken in food, acts injuriously upon the stomach, liver and kidneys.

**Thousands Have Kidney
Trouble and Never Suspect It.**

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settles out, indicating an unhealthy condition of the kidneys: if it stains your linen, it is a symptom of kidney trouble; too frequent desire to pass it or pain in the bladder are other of order.

What To Do.

There is considerable knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the joints, and the unpleasant necessity of being compelled to go often during the day, and to get up many times during the night, as well as many other diseases.

You may have a sample bottle and a book that tells all about it, both sent free. Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistakes.

LIFE IN A HAREM

ATMOSPHERE IN WHICH THE
WOMEN OF TURKEY LIVE.

Ayche Faile, Talented Turkish Lady,
Who Escaped to London,
Gives Her Personal
Experiences.

The word "harem" conjures up visions of hours veiled in the mystery of generations of seclusion, and exercises on the occidental mind the wonderful fascination of the unknown; but alas! the reality of harem life has no illusions, no glamor for us, the unfortunate daughters of the east, who have to endure its monotony, bear its suppressions, and suffer its humiliations from year to year, with few compensations or no hope.

The high intellectual culture given in the present day in the harems is responsible for much suffering. Taught by European governesses to be equal-

Rooms in a Harem.

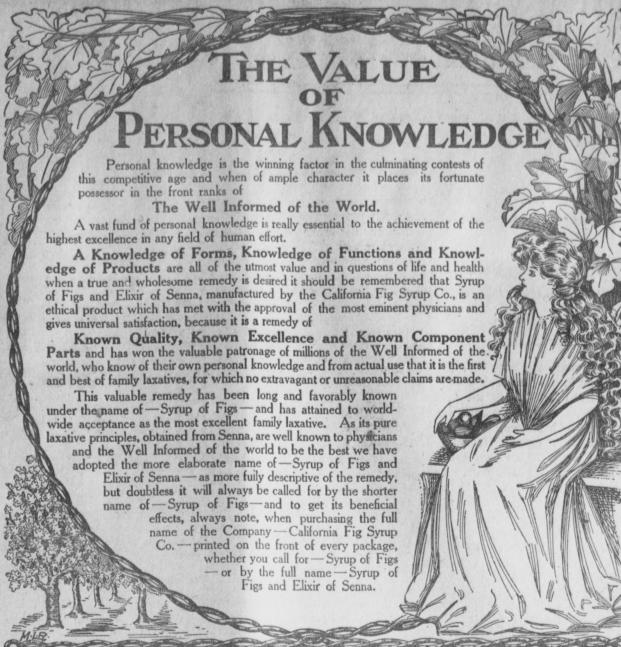

ly proficient in four or five different languages, able to read the classics in the originals, trained to appreciate all that is best in music, art and literature, we learn of the treasures that lie in the world outside only to know that they are not for us.

Loaded with jewels, clad in Persian dresses, surrounded by luxuries of every description, the refinements of civilization are ours, and these are sufficient to satisfy all the wants of a Turkish woman can desire, to compensate for stifled longings, to still the yearnings to be something more than a chattel, to have the right to think, and live our own life.

Ask a Turk with a family of three sons and three daughters how many children he has: "Three," he will answer, and this is symbolical of our position: we shirk no amount; we are possessed, yet factors of the economy of life. Existence in a harem is captivity within captivity; there is no privacy, no locks or bolts to the bedroom doors, and the servants come in and out as if the place were their own. When we go out it is in a close carriage, attended by a slave and a servant, who carry a large box of black, so that he may be distinguished by his skin. We must not leave the country without the special permission of the sultan, which is difficult to obtain, even when health and life itself depends upon the concession. We may not have as much as our photographs taken, and we cannot have a friend without the same mutual authority. Our letters, papers and the little possessions dear to every woman are not our private property, but are liable to be turned over, confiscated, or burned at the whim of a husband, as a punishment for some supposed misdemeanor, or to gratify his love of power.

There is little break in the monotony of harem life; study and sewing, sewing and study, with an occasional tea party; but this is not of frequent occurrence, for, when one visits a lady friend, all the men of the establishment must leave the house—an inconvenience not to be lightly endured.

By law, a child does not owe obedience to its parents after the age of 15, but this is ignored, and never had effect. Parents, however, insist in getting and marrying their children to whom they like, making arrangements and settling details without reference to the wishes of those it concerns most. A girl looks on her marriage as a great catastrophe, a part of the endurance which is a woman's lot, and goes to the man she has never seen, and to the life she has never known, before her, hating, hating, fearing. She may not love her husband when she knows him; she often hates him, yet she must vie with his other wives in seeking his favor; be preferred to-day, to be slighted to-morrow, endure the humiliations, the rivalries, the petty jealousies which are always a part of married life, though it may seem often enough that when the lord and master has left, any preference shown—the gift of a jewel, a word of praise or admiration—is enough to rouse the dormant passions, suppressed until the husband leaves, but which then break out into a hurricane of jealousy, and in which they tear out each other's hair out. They are jealous of one another's children, sometimes of their own, and there is no outlet but physical violence for the rage that consumes them. Compelled to live in the same captivity with hated rivals, the irritation is never allowed to die out and tragedies follow—hushed up, but none the less tragedies—of mental misery and recklessness.

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

The valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to worldwide acceptance as the most excellent family laxative. As its more laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs

—or by the full name—Syrup of Figs and Elixir of Senna.

DR. MCPHERSON WILL PREACH
EVERY NIGHT THIS WEEK.

Rev. Geo. W. McPherson preached Sunday at the Baptist church and two persons united with the church at the morning service. At night one convert was baptized and several others await baptism. Dr. McPherson will preach every night this week at 7:30 o'clock, except Friday, when the service will begin at 7 o'clock. This is his last week here, as he will preach his farewell sermon next Sunday night and leave for his home in New York.

His service here and elsewhere in Kentucky has made for him a large circle of friends and his ability and power as a preacher are universally recognized by all who have heard him. He made a visit to Georgetown, Ky., last week and preached there one night by invitation. The congregation Sunday night was one of the largest he has addressed in Hopkinsville. His meetings this week will undoubtedly be largely attended.

FESTIVAL MURDER.

Ed Browder's First Shot Sends Peter Taylor into Eternity.

MURDERER ESCAPED.

A Crap Game at Saturday Night "Festival" With Usual Finale.

Shot through the shoulder, the ball lodging in the heart and dead in less than five minutes was the fate Pete Taylor, a negro, met Saturday night, while on his knees, not praying, but shooting craps. His murderer, was a man of his own color, by the name of Ed Browder. As soon as he fired the fatal shot Browder "took to the woods," and up to yesterday morning was at large.

The killing took place on the farm of Mr. J. R. Candle, about 8 miles from the city on the Canton pike. A negro "Festival" had been gotten up for Saturday night at one of the negro cabins on Mr. Candle's farm. There was quite a gathering of the colored people from the neighboring farms and the usual "High old time" was on. Finally a crap game was put into the list of amusements. There were, it is said, about 15 negroes engaged in the game, among them Ed Browder and his victim, Peter Taylor.

The game gradually grew more interesting to those engaged in it, especially to the above named Browder called Taylor, it is said, "a liar and dared Taylor to repeat it, which he did. Without rising from his knees Browder reached round to his hip pocket and drew his pistol and fired one shot at Taylor. That was enough. Taylor fell over on his side without having risen from his knees, in which position he had been throwing the ivory cubes. His game was up almost instantly, and the cold-blooded murderer was making his way through the fields.

Of course the evening's "entertainment" was brought to a rather abrupt conclusion, but there was no great surprise, as these "festivals," which are, in the summer months, quite common, usually have a tragic ending.

Coroner Allensworth was notified and went down Sunday morning and held an inquest, the verdict of which is given below:

"We, the jury summoned by J. L. Allensworth to inquire into the cause of the death of Peter Taylor, find that he was shot by Ed Browder, the ball taking effect in the right shoulder, ranging toward his heart, causing Peter Taylor's death. We further find that Ed Browder was not justifiable in said shooting, charging him with willful murder."

This, 7th day of April, 1907.

T. E. Caudle, chairman; Walter Southern, Charlie Redd, Willie Rollins, B. R. Barker, J. R. Candle, J. L. Allensworth, Coroner C. C. C."

Yesterday morning a young negro who was at the festival, and it is said knew the names of the gamblers, was before the county court giving information that would lead to the arrest of most, if not all of those engaged in the game of craps.

Get out of the Rut—Save!

Now is the time for you to open a Commercial & Savings Bank, which can be done either by mail or in person. We emphasize NOW because interest is paid on JULY 1st and JAN. 1st of each year, and all deposits made on or before the 7th of the month bears interest from the FIRST of that month, so any deposits made from now and including the 7th of April will be paid three months interest, and if you should have no use for either interest or principal and allow it to remain, on January 1st you would receive interest on the entire amount. In other words, interest is compounded on JULY 1st and JAN. 1st of EACH YEAR AS LONG AS THE MONEY REMAINS IN BANK.
